Note: This table gives Low- and Moderate-Income, Geographically Targeted, and Special Affordable percentages based on application of housing goal counting rules to units in properties covered by GSE mortgage purchases in each MSA. The table also gives total numbers of single-family (1- to 4-unit) and multifamily (5 or more unit) properties covered by GSE mortgage purchases in each MSA. The Housing Goals are defined on a national level. The GSEs are not required to meet the Housing Goals in individual MSAs.
